Celebrate  
**GREEN DIWALI**  
AVOID CRACKERS . CELEBRATE NATURE

*Give Out Your Children*  
**A GREEN FUTURE**  
Say No To Fireworks

We are all aware that 'Dipawali' is a Festival of Lights, Joy and Festivities being celebrated since time immemorial. Off late, it has turned into a festival of firecrackers alone.

The need of the hour is to celebrate 'Diwali' in a peaceful and Pollution / Noise free manner as during these days the Pollution / Noise levels rise alarmingly. So, kindly minimise the use of fire crackers.

On this auspicious occasion, I take the opportunity to urge all fellow Chandigarh citizens to celebrate pollution / noise free 'GREEN DIWALI' with your friends & relatives and to ensure that our neighbours are not disturbed by our activities. Your one sincere move will be enough to send the right message. Also keep a watch on your children and their clothing (only cotton) when they are lighting crackers and don't leave them alone. Moreover, “No Crackers is Best”.

In the end, let the city beautiful show the way to the country, how we can enjoy Diwali in different and 'GREEN WAY'.

*“Wishing You All A Very Clean, Green & Prosperous Diwali”*

Yours Truly:-  
**V.P. Singh Badnore**
